J-4-2E

Whiteman's walk-behind trowels give construction professionals the finishes that show they really do know their stuff.

The J-4-2E is Whiteman's only electric-powered standard walk-behind trowel. Fueled by a 2-horsepower, 115/230V single-phase motor, this trowel sports a 36-inch (91.5 cm) ring diameter. Our quality engineering ensures reduced equipment downtime and infrequent maintenance. The trowel is tested before it is put on the market ensuring a long lasting, quality product. Aside from numerous standard features, our patented QuickPitch handle is offered as an option.
