Walk-behind Trowels**

BA-4-8H

You don't manufacture trowels for more than half a century without giving customers what they want and helping them when they have a concern.

One of Multiquip's largest coverage area trowels, the BA-4-8H with its 46-inch (117 cm) ring diameter and a 65-120 rotor rpm is designed for contractors to get maximum coverage and the quality finish they expect. This Honda-powered trowel comes with a full 1-year warranty and complete product and service support is also included for the life of the unit. The trowel also comes with a range of accessories and an optional QuickPitch handle.
