### **HHN-34-TVD-TCLS5**

**With a full line of mechanical drive power trowels, Whiteman's ride-on units from Multiquip are head and shoulders above the rest.**

The HHN-34-TVD-TCLS5 uses a 34-horsepower Vanguard gasoline engine and its variable speed clutch is incorporated to meet the needs of the professional concrete contractor. This unit has 5 blades per rotor and a path width of 91 inches (231 cm). The trowel's helical gearbox operates at 98 percent efficiency compared to conventional worm-drive designs virtually eliminating gearbox overheating. Twin-pitch control lets the operator control the pitch of both rotors simultaneously.

#### **Performance Data**

Path Width - IN (CM): 91 (231)

Pitch Control: Twin pitch

Rotor RPM: 40-160

Rotor Design: Non-overlapping

Rotor Size: Twin 48"

#### **Power Source**

Engine Power - HP (kw): 34

Fuel Tank Capacity - gal (liters): 4.4 (17)

Engine Model: Vanguard -- Turbo Diesel
