EM-700S-H8

More than 80 years of excellence have helped establish Multiquip's Essick mixers as the industry leader.

It's easy to see why in the EM-700S-H8 plaster/mortar mixer. This steel-drum machine mixes 7-cubic feet (193 liters) of material with the muscle of an 8-horsepower Honda engine. The EM-700S-H8's engagement handles are located at the front of the mixer for easy operation and greater productivity while the mixer's double V-belt gear drive permits larger, heavier loads and its cast steel pulleys increase the unit's durability.

Performance Data

Drive System: V-Belt

Mixer Capacity - cu. ft (liters): 7 (193)

Mixer Capacity - Bags: 1 1/2 to 2 1/2

Dump Action: Manual

Power Source

Engine Power - HP (kw): 5.5 (4.1)

Engine Model: OHV

Fuel Type: Gasoline

Engine Make: Honda
