RAYCO's Flagship RG70 and RG100 models are the answer if you're looking for a full-feature, high-power backyard stump cutter. These machines feature powerful 66.8 hp and 99.2 hp Kubota diesel engines, with hydrostatic cutter wheel drive and RAYCO's Command Cut, to deliver top-notch performance. The swing out control panel provides a good look at the work being done while keeping the operator safe from flying debris. A low center of gravity and 4-wheel drive with high and low speed get you to the job without the turf damage associated with rubber tracks. Standard dual wheels come on and off in minutes to get through 36-inch gates. The hydraulic backfill blade can be used to make short work of the clean-up.

Swing-Wide Chip Retainers

Hydraulic Backfill Blade

Command-Cut Swing Control

4-Wheel Drive w/2-Wheel Travel

Power to take on big stumps

Custom trailer available

Think Smart, Think Safe.....

We care about your safety. When operating your RAYCO machinery always wear an approved helmet complete with ear muffs, face shield and the proper eyewear. Never operate under the influence of alcohol or drugs. Know your RAYCO, read and understand your owner's manual cover to cover.
