CG-550 Rugged Series

CG-555 Trailer Mounted Gas/Hydraulic Model Shown

The ChemGrout CG-550 Rugged series includes both skid and trailer mounted grout plants. These units feature a 45-gallon (170 liters) mixing tank, a large 30-gallon (113 liters) holding hopper and the popular single-acting 3" piston grout pump. Each mixing tank is equipped with baffles, bag breakers and a variable speed high-efficiency paddle mixer that provides rapid grout mixing. The tank outlet is large slide gate that allows viscous grouting materials to flow quickly into the removable holding hopper. The large holding hopper is sized to provide continuous pumping, the mixer is charged while the hopper feeds the pump. The grout pump is a 3" positive displacement, pulsating piston pump that disassembles with only a hammer for fast and thorough cleaning. The rugged steel frame stands up to the toughest conditions on the job site. Operator controls are centrally located for efficient production. The trailer mounted unit is road and job site ready equipped with leaf springs, lights and a working platform.

Power Options = Air, Hydraulic, Electric/Hydraulic, Gas/Hydraulic or Diesel/Hydraulic

Benefits Include:

- | Low maintenance costs
- | Easy operator controls
- | Laminated diagrams and parts lists
- | Quality and Rugged construction

Create PDF with GO2PDF for free, if you wish to remove this line, click here to buy Virtual PDF Printer

- | Dependable people for parts and service
- | "ChemGrout" we've been here for 30 years and will be here supporting your equipment needs

Applications Include:

Civil Engineering - soil nails, tiebacks, earth anchors, cable and rock bolts

Structural - building restoration, foundation stabilization, foundation raising, soil compaction grouting

Construction - post tensioning, pavement undersealing, slabjacking and slab raising

Marine - underwater foundations, piers, breakers, shoreline foundations

Mining - tunnel lining, contact grouting, shaft waterproofing

Utilities - encasements, waterproofing, sloip line grouting

Geotechnical - deep well casing, monitor wells, well sealing and abandonment

Specifications

Pump	Power	Mixing Tank	Holding Hopper	Max. Output	Max. Pressure
3" Piston Pump	Air	45 Gallon	15 or 30 Gallon	16 GPM	400 PSI
3" Piston Pump	Hydraulic	45 Gallon	15 or 30 Gallon	12 GPM	300 PSI

Model Number	Description	Dimensions	Weight
CG550/030/A	Skid Mounted Air Powered Grout Plant Requires 150 CFM, 100 PSI	60" L X 31" W X 58" H	490 lbs
CG550/030/H	Skid Mounted Hydraulic Powered Grout Plant Requires 2 Supplies, each 7 GPM, 200 PSI	60" L X 31" W X 58" H	490 lbs
CG550/030/GHES	Skid Mounted Gas/Hydraulic Grout Plant 18 HP Gasoline Engine with Electric Start	74" L X 31" W X 58" H	950 lbs
CG550/030/EHT	Skid Mounted Electric/Hydraulic Grout Plant Requires 230/460 V, 38/19 A, 3 Phase	74" L X 31" W X 58" H	950 lbs
CG550/030/DHES	Skid Mounted Diesel/Hydraulic Grout Plant 20 HP Lombardini Diesel Engine with Electric Start	84" L X 34" W X 58" H	1080 lbs
CG555/030/GHES	Trailer Mounted Self-Contained Grout Plant 18 HP Gasoline/Hydraulic Powered	110" L X 60" W X 70" H	1650 lbs
CG555/030/EH3	Trailer Mounted Electric/Hydraulic Grout Plant Requires 230/460 V, 38/19 A, 3 Phase	110" L X 60" W X 70" H	1650 lbs
CG555/030/DHES	Trailer Mounted Gas/Hydraulic Grout Plant 20 HP Lombardini Diesel Engine with Electric Start	110" L X 60" W X 70" H	1775 lbs
