

Husqvarna K 3000 Wet

A powerful, versatile electric cutter with wet cutting kit. Makes it possible to do smaller cutting jobs indoors with a minimum of dust and slurry. By using the wet cutting kit with specially designed nozzles in combination with double insulated rotor and GFCI, (Ground-Fault Circuit Interrupter), combines the advantages of the electric power cutter and an efficient dust suppression. K3000 Wet is the first model with Husqvarna DEX (Dust Extinguisher) system.

WET CUTTING CAPABILITY, INDOORS AND OUTDOORS

The K 3000 Wet enables convenient, dust-free cutting indoors.

INTEGRATED REGULATOR

K 3000 Wet has an integrated regulator that controls the water volume, ensuring a constant flow to the blade. The amount of water is sufficient to bind the dust without creating an excess of water.

TECHNICAL SPECIFICATION	
Voltage	110 / 120 / 230 V
Blade diameter	14 inch
Max cutting depth	5 inch
Weight (excl. cutting equipment)	19.62 lbs
Vibrations front handle	3.7 m/s ²
Vibrations rear handle	4.2 m/s ²
Daily Vibration EXPO [®] sure (A8)	1.34 m/s ²
Daily Vibration Time (Time factor)	1 h
Daily Vibration (Aeqv)	3.8 m/s ²
Sound level	95 dB(A)
Sound power level, LWA	108 dB(A)

ELGARD™

The advanced electronic overload protection – varies the rotation speed to warn of approaching overload.

ELECTRONIC SOFTSTART™

Provides starting with normal, slow acting fuses.
